Nozzle check pattern

Nozzle check, US Letter, print at 100% scale

Each row prints with one ink. Compare it with your printer's own nozzle check: broken steps, missing lines in the fine line block or white lines across the solid block mean blocked nozzles. Run a head cleaning, then print this page again.

Cyan

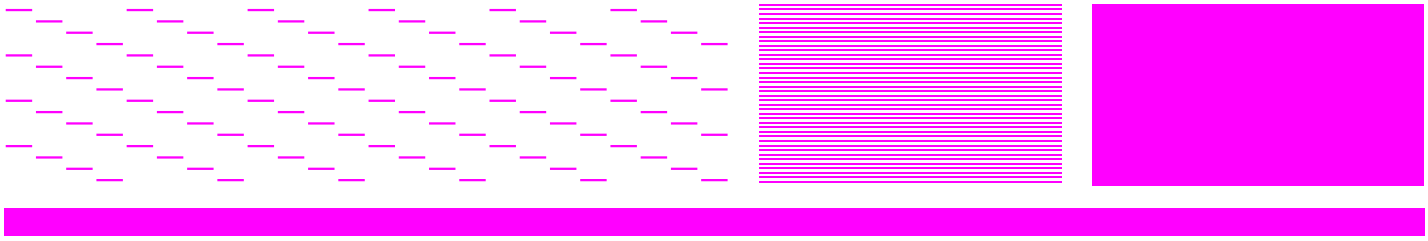

Steps, fine lines and a solid block in cyan ink only

Cyan 6 pt text ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 0123456789

Magenta

Steps, fine lines and a solid block in magenta ink only

Magenta 6 pt text ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 0123456789

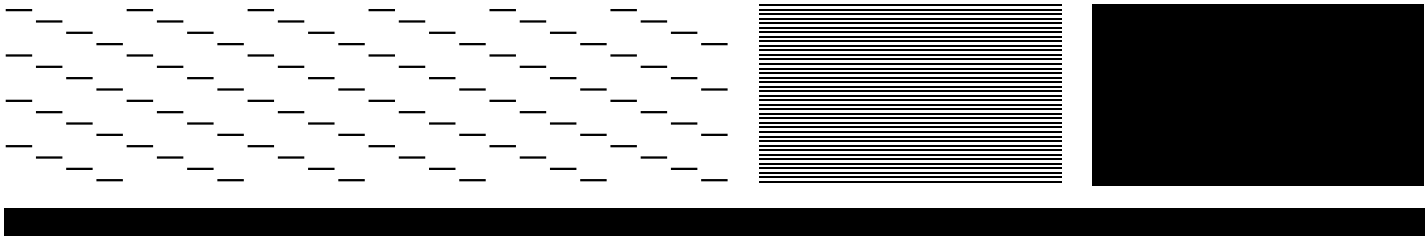

Yellow

Steps, fine lines and a solid block in yellow ink only

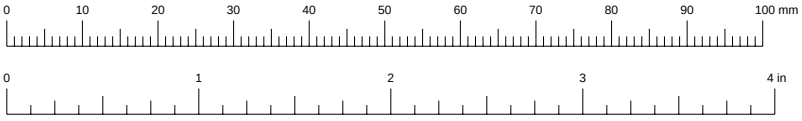

Yellow 6 pt text ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 0123456789

Black

Steps, fine lines and a solid block in black ink only

Black 6 pt text ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 0123456789

Scale check

Hold a ruler against these bars. They measure 100 mm and 4 in when the page prints at 100% scale. Shorter bars mean the print was shrunk to fit.

Date: _____

Every step and line should be complete. Gaps and white lines mean blocked nozzles
