Printer alignment page

Alignment grid, US Letter, print at 100% scale

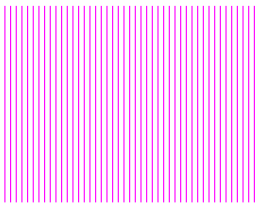

Black vertical lines

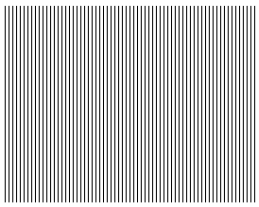

Cyan vertical lines

Magenta vertical lines

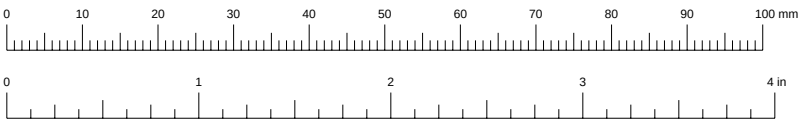

Yellow vertical lines

Black, fine vertical lines

6 pt Letters should be crisp, never doubled or shadowed: The quick brown fox jumps over the lazy dog 0123456789

9 pt Edge marks at the middle of each side show your printer's margin

Scale check

Hold a ruler against these bars. They measure 100 mm and 4 in when the page prints at 100% scale. Shorter bars mean the print was shrunk to fit.

Date: _____

Vertical lines should be straight and the circle should measure 100 mm both ways
